

Assignment

- 1) Skimming - It refers to the process of reading only the main ideas within a given passage to get an overall impression of the content of a ~~read~~ reading selection. Ex: A student taking exam.
- 2) Scanning - It is a reading technique to be used when you want to find specific information quickly. In scanning, the reader has a question in their mind and ~~just~~ ^{they} read a passage only to find the answer, ignoring the unrelated information. Ex: when the reader is reading research books, papers.
- 3) Intensive reading - It refers to reading short texts quickly and to identify how sentences are linked. In this technique, the person has to read a short piece of text and gain a deeper understanding of it.
Eg: Reading Blogs
- 4) Extensive reading - It involves the readers reading texts for enjoyment and to develop general reading skills. This type of reading will help the reader to get ~~acqu~~ acquainted with unknown words and will also give the reader the knowledge required to read between the lines.
Eg: Reading short stories, novels, books etc.
