Dear Students,   Dt:-04/10/20

I hope this email finds you and your family safe and well during these unsettling times. The unprecedented disruption caused by COVID-19, has forced us to pivot and rethink almost every aspect of our academic community and the operation of the University. Learn from Anywhere (LfA) modality is adopted to enable students to participate remotely in teaching-learning from off-campus home through **on-line** and is due to student's desire to maintain strict social distancing. KIIT deemed to be University will be back in the fall, and I look forward to seeing you in the **in-person** class soon.

Being your course faculty, I welcome you all to my lecture series on subject **Computer Programming (CS1093).** Your sincere participation would be highly encouraged in every activity like class, quiz, assignments, examinations for smooth completion of the course.

You will also be assisted by two more teaching assistants (TA). **During execution of your program, you have to move to specific breakout room**. The detail about the Teaching Assistant along with the breakout room details are as follows.
